WNS-MCTY-3019 - Louvic - Mystery Dial - 17J - Left Front View

WNS-MCTY-3019 - Louvic - Mystery Dial - 17J - Right Front View

Case: 34 mm across by 42 mm lug to lug - Highly polished chrome case with a Stainless Steel back. The case back reads 330 234.

Dial: Very nice bone white colored dial with applied silver hour markers. The hour and minute hands are round silver indicators that work on moving discs. The dial reads "Louvic" and 17 Jewels above the 6 o'clock position. It also reads Swiss made at the very bottom.

Movement: Mechanical Wind marked: Louvic Watch Co, Seventeen 17 Jewels, Unadjusted, NOU and Swiss.

Strap: 18 mm Genuine Leather, IW brand, Brown Pattern and a Stainless Steel Buckle.

Comments: A very nice collectable "Mystery Dial" wristwatch with a 17 Jewel movement and a stainless steel back. In super nice overall condition, running fine and keeping excellent time.

Item ID: WNS-MCTY-3019
