Case: The square shaped case has a 10K bezel and a stainless steel back and measures 26 mm across (28 mm including the crown) and 32 mm lug to lug. The inside of the stainless steel back case cover is engraved Duro Watchcase Co., 10K R.G.P. Bezel and Stainless Steel Back. The original fancy domed crown is gold and in fantastic condition. The crown is at the 3 o'clock position.

Dial: The dial is in absolutely gorgeous condition and all original with a silver satin tone color background. It has an independent seconds sub-dial above the 6 o'clock position that features exploding numbers, and the seconds hand is straight and black in color. The hour and minute hands are fancy and resemble the Fuseaux-style and are all black around the edges and have a radium coated central section. The stylish Art Deco style numbers are radium coated and a green-silver color.

The center of the dial features engraved and applied designs with a classic Art Deco influence. A square 60 minutes scale separates the engravings from the hour markers and nicely accents the dial design.

The original and slightly curved crystal is in very good condition with a few slight scrapes and is very clear. It is raised 3 mm above the surface of the case.

Movement: Very clean mechanical wind. Signed F. Matter, Swiss, Six (6) Jewels, Two (2) Adjustments.

Strap: Brown genuine leather that is sewn around the edges with a gold tone buckle marked 16 R.

Comments: An absolutely classic Art Deco ornately designed dial that features both engraved and applied designs (circa 1920s.) 10K Rolled Gold Plated Bezel with a stainless steel back. There is a 60 seconds sub-dial that features EXPLODING numbers. This watch is in excellent overall condition.
