Prescot Clock Company - Large all Brass Bulkhead Ship's Clock with an 8-Day Movement - made in England (circa 1900).

The case measures 10-1/4" in diameter and is 4-1/2" deep and is made from brass.

The dial has an off white background color with Roman numerals and is signed 'Prescot Clock Co., Prescot' and measures 8" in diameter. There is a large seconds sub-dial under the 12 o'clock marker. A single round hole to access the winding arbor is located above the 6 o'clock marker.

The stand is custom made from Florida Cypress wood - with Early American Pine Stain and finished with six coats of Amber Shellac. It measures 16-1/4" long at the base x 7" high x 3-3/8" wide and has 25 degree side angles.

Item ID: WNS-CLK-175
