Case: Excellent conditioned rectangular case appears to be 10K Yellow Gold Plated and measures 23 mm across (not including the crown) and 38 mm from top to bottom. The lugs are engraved in a screw thread pattern. Large crown at the 3 o'clock position.

Dial: The dial is bone white colored and signed New Haven, Jeweled, Compensated and Made in U.S.A.

Movement: A jeweled mechanical movement.

Comments: An Art Deco period 'Dollar Watch' in nice cosmetic condition.
