Jerome & Co. Double Dial calendar mantel clock “Register” model – circa 1880.

This clock is all original including its paper dials. The top dial has Roman hour numerals and a fancy sub ring with days of the week and fancy blued pierce hands and all markings are black. The bottom dial has a 31 date outer ring with Arabic numbers and a fancy inner ring with months of the year and all markings are black. Both dials are signed “Jerome & Co.” and have 8-5/8” diameter brass bezels.

The brass movement is an 8-day spring driven movement with an hour strike on a coiled gong. (Since New Haven bought out Jerome and continued selling clocks with Jerome & Co. labels during this period it is likely that this is a New Haven made movement.) The original B.B. Lewis perpetual calendar paper is on the back of the case. The walnut case has a nice carved crest with a circular center rosette and two round turned finials. The case measures 33” long, 11-3/4” wide and 4-3/4” deep.
