

Gilbert Clock Company - Bee Hive Shelf Clock - (circa 1870s)

Gilbert Clock Company - Bee Hive - Shelf Clock

Here is a nice conditioned Gilbert Bee Hive shelf clock that features a reverse painted gothic church building and courtyard scene on the glass.

The solid mahogany and mahogany veneer case measures 18-3/4" high x 10-1/2" (at the longest part of the base) x 4" deep (at the widest part of the base.)

The original paper instructions are fairly legible and still adhered to the inside of the case back cover.

Item ID: WNS-CLK-144
