

## Gilbert - Solid Oak - Mission Style Wall Clock - (circa 1907)

### Gilbert 1907 Mission Wall Clock

Here is a fully restored Gilbert Mission Oak Gallery Wall Clock. It measures 28 inches long and 16 inches wide, having an 11 inch individually applied Arabic brass numeral dial. The brass bob pendulum swings freely outside the bottom of the case and the finish on this piece is really beautiful. The movement is an 8- day signed Gilbert, with its trademark and date of 1907. Note that it strikes on the hour on a coiled mellow gong, and the half hour on

**a bell. The case is constructed from solid oak wood.**

**Item ID: WNS-CLK-103**
