

## Empire - Ship's Bells Clock - 8-Day Movement - Time Only - Made in England - (circa 1960s)

**Empire - English Ship's Bell Clock with an 8-Day Movement.**

The case measures 7" in diameter and is 3" deep and is made from brass.

The dial has a white background color with Roman numerals and is signed 'Made in England.' There is a seconds sub-dial under the 12 o'clock marker and a hole to access the winding arbor about the 6 o'clock position.

The 8-day time only movement is signed Empire, 264, and Made in England.

**The custom stand is made from 7/8" Pennsylvania Cherry wood that has Georgian Cherry stain with a flat black paint on the edges and three coats of clear gloss polyurethane finish.**

**Item ID: WNS-CLK-176**
