WNS-MDN-5026 - Hamilton - Piping Rock - Re-Issue Black Dial - Right Front View

**Case:** The tonneau shaped rose gold toned plated case is absolutely one of the nicest I have ever seen. It measures 30 mm (32 mm including the signed 'H' crown) and 42 mm (lug to lug.) It is 7 mm thick. The signed crown is located at the 3 o'clock position. The lugs are hinged (swinging type) that are very eye-catching and appealing. The back of the case is marked Registered Edition, Hamilton, Base Metal Bezel, Stainless Steel Back, and (the model number 6194A.)  
**Dial:** The mint round dial is finished with a gorgeous black color.

It has a 60 minutes/seconds scale surrounding the outer edge of the dial marked in gold tone.

The antique-style hour and minutes hands are gold in color.

The antique style sunken seconds sub-dial has a gold tone hand and a 60 seconds scale around its outer edge.

The bezel is enameled and black in color with inlaid rose gold toned Roman numerals for the hour markers, and it is raised 1 mm from the case and definitely one of the watches highlights.

The crystal is flat on the surface and angular sides and is raised 1 mm above the bezel.

It is signed Hamilton below the 12 o'clock position.

**Movement:** Swiss Made 15 Jewels Quartz. Marked Hamilton, Swiss, Fifteen 15 Jewels.

**Bracelet:** Brand new black colored 16 mm Speidel genuine leather with a Crocodile pattern and a gold tone buckle. Marked Made in U.S.A.

**Comments:** This is a reissue of the famous Hamilton "Piping Rock Model of 1928." It was originally named after a vacation resort in upstate New York. It has an absolutely beautiful rose gold tone plating with an enameled bezel with inlaid Roman numerals and a black faced dial.

It is in like-new condition (it even has the original factory clear protective sticker on the case back.)

**Item ID:** WNS-MDN-5026
