WNS-VINT-2014 - Latham - 7J - Square Drivers - Roman Numeral Dial - Full Front View

WNS-VINT-2014 - Latham - 7J - Square Drivers - Roman Numeral Dial - Left Front View

**Case:** A "Drivers Style" 10K RGP Case and Snap On Back Cover featuring ornate "horned" Lugs. It is 22mm across - 36mm lug-to-lug. The inside of the pop off back cover is marked Master Sutton, Base Metal, Stainless and U.S.A.. It has a crown at the 3 o'clock position.

**Dial:** Excellent overall conditioned Bone White Background, marked Latham and Swiss. The Roman Numerals are applied in a gold tone at all positions. The Dauphine hour and minute hands are gold toned. The seconds sub-dial is at the 6 o'clock position.

**Movement:** A super clean movement marked Latham Watch Co., Swiss, Seven 7 Jewels, Unadjusted, LNC, LOD.

**Strap:** A nice high quality lizard skin, light brown color, 16R Hadley Roma (Genuine Lizard) with a gold toned buckle.

**Comments:** This piece is a very nice Post-Deco/Modern era watch. It features very ornately designed "drivers" lugs and an eye-catching Roman Numerals dial. It is running fine and keeping good time.

**Item ID:** WNS-VINT-2014
