Case: The round shaped stainless steel case measures 34 mm across (37 mm including the crown) and 44 mm (lug to lug.) It is 8 mm thick. The dome shaped and Bulova signed crown is located at the 3 o'clock position. The back of the screw down case is marked Bulova, Shock Resistant, Waterproof, Stainless Steel Case, Patent Pending, L8, and D245753.

Dial: The round dial has a very neat textured design with a silver toned color.

It also has a seconds/minutes scale around the outer edge where the increment indicators are black thin lines. The raised and applied silver toned hour makers at the 12, 2, 4, 6, 8 and 10 o'clock positions are Retro-Modern style Arabic numerals, and the remaining positions are in the form of arrows.

The straight dauphine-style hour and minutes hands are silver in color. And the sleek sweeping seconds hand is black in color.

The crystal is flat on the surface and angular sides and is raised 4MM above the case.

It is marked Bulova below the 12 o'clock position, and Waterproof above the 6 o'clock position, and Swiss at the 6 o'clock position.

Movement: Swiss Made 17 Jewel Mechanical Wind.

Strap: 18 mm genuine leather padded and sewn which is black in color. It has a silver tone buckle. The total length is 9."

Comments: Here is an all original vintage fifties design featuring a textured dial design with an all stainless steel case.

This watch is in excellent cosmetic and running condition.
