**Brief History of the Elgin Watch Company:**

The Elgin National Watch Company was founded in 1864 in Elgin, Illinois on 35 acres of land that was donated by the city. Elgin is known for their innovative watch making designs and especially for their reliable movements. After making millions of watches in the United States in over 100 years of operation the last American-made watch was manufactured in 1968. Unquestionably, vintage Elgin watches are held with high regard among watch collectors around the world.
