

Mortima - World Timer - 2 Rotating Discs - 3 Crowns - 21 Jewel Automatic Mechanical Movement Wristwatch - (circa 1970s)

WNS-6070-4019 - Mortima - World Timer - Super Auto - Dial Close Up View

WNS-6070-4019 - Mortima - World Timer - Super Auto - Full Front View

WNS-6070-4019 - Mortima - World Timer - Super Auto - Left Front View

WNS-6070-4019 - Mortima - World Timer - Super Auto - Right Front View

Case: Huge Cushion Stainless Steel Case measuring 45 mm across, 47 mm with the crown, 36 mm lug to lug, and 13 mm thick. There are 3 crowns (the top crown controls the movement of the World Timer Disc, the middle crown is the winding crown, and the bottom crown controls the movement of the time tracking disc.)

Dial: A black background color sets the stage for a very complicated look. The hour markers are luminous coated. The dial is signed Mortima, 21 Jewels, Super Automatic, Water Proof 100%.

The inner moving time tracking disc is red and silver and the outer moving world cities disc is black and white. Very cool luminous coated hour, minute and seconds hands top off this cool dial.

Movement: Swiss made 21 Jewel automatic movement.

Strap: Genuine Leather black with white stitching and a silver toned buckle.

Comments: Beautiful and complicated looking World Timer automatic wristwatch - (running fine.)

Item ID: WNS-6070-4019
